COMMODORE BEST IN FEATURE EVENT

Milam Colt Seems to Hold Frank Bell and Ice Water

COLONEL PRESTON MAY WIN.

Chinn Youngster Looks Best of the Lot in the Second Event-Buccaneer to Capture the Fifth.

commodore ought to repeat his recent victories in the Fair Grounds feature this afternoon, the Milam entry appearing slightly better than Frank Bell for first money, in spite of the 110 pounds the for-

mer is packing.
Frank Bell showed his old time speed last Saturday. He ran the fast Hilee fairly off his feet and looked like a winner a furiong from home. Then Otto Stifel came along and won without much trouble, Bell yielding the first honors to the Schreiber colt when the pinch came.

Bell picks up twelve pounds over his impost of last Saturday, and it hardly seems as if he can carry this weight and still beat Commodore, The latter proved his ability to hold his own with any horse at the track by keeping up with Rebo when the latter attempted to tiptoe his field last out.

If Commodore can keep up with Rebo he can likely do the same with Frank Bell. And it seems as if he has decidedly more staying-power than old Bell possesses. It looks as if first money should be accorded to Commodore, with Bell best liked for second place. Lots of speed is in this race and the

light weights surely have a chance of splitting the first-mentioned pair. Evening Star looks promising in this number. But it seems as if Ice Water can be But it seems as if Ice Water can be picked for a chance to get in the money, regardless of the fact that the Hayes mare finished last on her previous out. From her last race, it may be that Ice Water is going back. But it is also possible that she was merely put out of the running by bumping or the fortunes of the race. In anywhere near her best form, she would be the strongest kind of contender for first money. And, as her stable presumably thinks her fit to race to-day, she should surely be in the first three.

three. Buccancer looks like the winner of the fifth race. His weight will not hurt him and be ought to beat this field without much frouble. Hubbard ran rather a creditable race when he won from Brooklyn and may be able to repeat to-day.

Fenian is said hardly to like a race of this distance, but may do well at that.

Although Lustig figures well in the last event, the manner in which Avoid has shown improvement in a late race or two would seem to indicate that she ought to be selected here. She is carrying nine pounds more than Lustig, and light weight will certainly help the Schreiber entry. But it seems as if Avoid can be tipped here with Sister Lillian as a possible third. Jake Greenburg did not do badly on his first local out, and may prove a factor for some part of the money.

Hardling ran a creditable enough race on his last out to justify his selection as the possible winner of the third race. This is a very open event, but he looks best here. The remainder of the field is not of high class, and Drummond looks most capable of putting up a strong race. The Fizer gelding may be able to give Harding trouble at the close.

Colonel Preston ought to win the second race without much difficulty, if he gets off in the first division, in a field of this size it is almost impossible to avoid tangles if a youngster is caught back in the bunch, and this makes Preston look less sure than he would be as the opponent of a small-sixed field of the same class.

Individual preference would suggest several candidates for the place, each with apparently equal chances with his neighbor. Wakeful may be second, however, on the strength of her late good race, and The Missourian should be in the money. Carley's Dream seems a possibility in the first race, with Feby Blue and George Vivian as contenders, Feby Blue, a speedy gray mare, led for quite a distance on her last start, and should be dangerous servent.

Miller's Colt Has Head Finish With

Good Cheer and Liberia. Saratoga, N. Y., Aug. 17.-The Seneca to-day's stake race, was won by Andrew Miller's Divination in a head and head finish with Good Cheer, and Liberia, the latter the favorite. Divination led practically all the way, but had nothing to spare at the end. Good Cheer got the place by a head.

BAS D'OR SCORES A SPEEDY VICTORY

Mulkey Gelding Runs Fastest Mile and One Eighth of the Meeting, Beating Jack Young by a Nose,

noses ahead of Jack Young, Bas d'Or ame home a winner of the feature event on the Fair Grounds card yesterday, running the mile and one-eighth in 1:53. Time made was but a quarter of a sec-

both Bas d'Or and Young seemed to receive fully as much play as did Just 80, who opened as favorite. There was good play on nearly every horse in the race, a leading bookmaker stating yesterday that he found his sheets as well balanced as

The speedy Just So went to the front when the barrier was raised and set a pace around the turns and down the backstretch. Hemmed in behind his field for the early stages was Jack Young, while Bas d'Or, nicely rated along in third position, commenced to move up when the back of the course was reached. when the back of the course was renched.

Jack Young got clear about the same time and drew up to the front rank as Just So went around the lower turns with a couple of lengths advantage. Nearing the Stretch turn, Bas d'Or made a sudded jump forward, collared Just So and led in the stretch, while at almost the same instant Jack Young shot up on the outside and prepared to fight out the matter with the Mulkey gelding.

With a stronger boy on Jack Young the Baker horse might have won. As it was, it is d'Or got his nose first over the line, running the fastest mile and one-eighth that has been covered this season. As Bin d'Or carried Hi pounds, the merits of his performance can be readily seen.

One of the rankest reversals of the meeting occurred in the third race when A Muskoony came home first at Jong

meeting occurred in the third race when A. Muskoony came home first at long odds. This colt has run well at similar prices heretofore and has shown a disposition to victory when held at long prices. Of late he has been doing nothing, however, until he came suddenly to life yesterday and beat the even-money favorite, Princess Orna.

Hersain put a purse to the credit of Barney Schreiber by winning the first event rather handly, Bradwardin was second and Monogram third. Triple Silver won the second event without much difficulty, beating Felix Mozzes and Muscovoir

ficulty, beating Feix Mozzes and Mus-covoir.

Ed Ball won the fifth race by a narrow margin, although Aggle Lewis was prob-ably best in the race. The Trotter mare came with a rush at the end and would have won had the race been a trifle long-er. Ben Lear showed terrifle speed early in the event and ought to be able to win in fair class company from now on.

Blissful won the last race rather handi-ly from Buccleuth and Trapsetter. The inst-mentioned pair were caught in a tan-gle at the first turn and could not get through in the early stages.

In the meet, the Chicago team of three men, Albertson, Grenberg and Bailey, won three places in three of the five events of the programme and secured two places in each of the other events, being heaten out of first places in the hammer throw and mile run.

in each of the other events, being beaten out of first places in the hammer throw and mile run.

Roy Albertson of the Chicago team broke the association record in the pole vault by clearing the bar at 11 feet 5 inch. The former record was 18 feet 2 inches and has been broken several times, but was not acknowledged. Albertson has cleared the bar at 12 feet 2 inches.

The St. Louis Y. M. C. A. was represented by only two athleies, W. C. Triska and Al Johnson. Refus Seay, who was looked upon by many to land the championship for the local institution, became ill Tuesday and did not compete, with the result that the two could do little for St. Louis. The best performance was by Johnson, who won the hammer throw without turn. He swing the weight a distance of 16 feet Pg inches. This was four feet better than Albertson's throw.

The Kenosha, Wis., team was the third competing, and they landed second place.

The total scores of the teams were Chicapping, and they landed second place.

The

throwing would have added greatly to the St. Louis scoring.

The fastest time of the 100 was 10.2-5, by Albertson. Balley and Grenberg finished in order in this event and scored a total of 250 points for the event, against 30 made by Kenosha. St. Louis did not score in the century.

In the hammer throw, Johnson scored 133 points with his win, while Chicago, with three men, landed 301, and Kenosha 201.

Bailey of Chicago won the running high jump, clearing the bar at 5 feet 6 inches. Grenberg of the same justing tion was only 2 inches less while Albertson cleared the jump at 5 feet even.

EASY FOR CHICAGO.

EASY FOR CHICAGO.

Albertson, Grenberg and Balley had ease in landing three places in the pole vanit, as Theleen, who was the nearest man to the Chicago team, only cleared \$ feet 5 inches. Balley vanited \$ feet 25 inches, which gave to him a large lead over the Kenosha entry.

Kent of Kenosha won the mile run, with Albertson and Balley finishing in order.

The teams were made up of Chicago, Albertson, Grenberg and Balley; \$t. Louis. Triska and Johnson; Kenosha, Kent, Charles and Theleen.

Chicago and Sioux City were tied in that tom Haggerty, a friend of Jentes, is willing to bet \$t.00 at 1 to 2, that the champion will finish Miner Munroe within five rounds. Others at Jeff's mountain camp will folk in that end of the wager, while a still larger number will be willing to speculate evens on their idol's chances within ten rounds.

Singularly enough, at the very time that these propositions were being voiced, Munroe was slegging Kid McCoy and the rest of his retinue of sparring partners, and in such a way as to make all those exert the most skeptical of on-lookers believe that he will not only stay with the champion for a good portion of the distance, but will be returned the winner.

the basket-hall games, 'each having won four confests, and yesterday's game was to decide the championship. Chicago winning by the score of 35 to 29.

Although the Iowa boys outweighed their opponents by fully thirty pounds, they could not compare with them in speed and team work. Both teams, however, played fast ball, and at the end of the first half, the score stood 21 to 12 in favor of the Chicago boys. Although refreshed by the short intermission between balves, the teams began playing strong ball, but for only a short time, as the wind of the heavier team began telling, and then the victors had things their own way.

The teams had the following players in line:

The exercises on the horizontal bars will be completed to-day.

From indications yesterday, the Newark team will land the team championship, should they show as good form to-day on the horizontal bars as they did in their exercise yesterday.

The handicans of the Y. M. C. A. Athleth meet will be held at the Stadium this afternoon, starting at 2:39 o'clock. Many entries have been received and several cities will be represented in the events.

The majority of the crack athletes of the Y. M. C. A.s of the United States and Canada will start and will give one an idea of what they will do in the championships to be held Saturday.

The programme consists of the regulation list of events, and with good handicapping the contests should be exciting.
